Subject: RE: Draft Forestry - Riparian Issue Document

Peter,

Excellent comments. I will changes as suggested.

BTW, I am having a little difficulty getting additional information about Triangle Lake. There is some apprehension on ODA's part although ODF seems ok with releasing the data. I will continue working to see if I can get the additional information/data.

Again, thanks for your comments on this draft.

Alan

Alan –

I made a couple of suggestions/edits

Subject: Draft Forestry - Riparian Issue Document

Jenny, Peter, Teresa, and Erik,

Attached is a Draft Forestry-Riparian Issue Document that provides the basis for a proposed NOAA/EPA finding that Oregon's CNPCP does not contain adequate management measures to protect riparian areas of M&S fish bearing streams and Type N streams to ensure attainment of water quality standards and full beneficial use support.

I would really appreciate your thoughts on this draft. The document will be review by the CZARA core team and then be used to present this issue to the Agencies' managers. I would really appreciate it if you could get comments to me by Thursday afternoon. Sorry for such a short turn-around.

Feel free to call me if you have any questions.

Thanks guys.

Alan
